

## Scientific Games Launches Tetris™-Themed Video Slot On Innovative New TwinStar™ J43 Curved Portrait Game Platform

LAS VEGAS, Dec. 14, 2016 -- [Scientific Games Corporation](#) (NASDAQ: SGMS) ("Scientific Games" or the "Company") today announced the launch of its first *Tetris*™-themed slot game, *Tetris Super Jackpot*.

The game debuts on Scientific Games' cutting-edge new *TwinStar J43* gaming platform, featuring a 43-inch curved portrait display; a cinematic, 4K Ultra High-Definition game-play experience; highly integrated, game-synchronized, emotive lighting; and the latest stereo surround sound; among numerous other features.

Maya Rogers, Chief Executive Officer of Blue Planet Software, sole agent for the *Tetris* brand, said, "We are thrilled to partner with Scientific Games on the first-ever launch of a *Tetris*-themed slot machine. The popularity of *Tetris*, which spans generations and has evolved into a lifestyle brand among fans worldwide, makes *Tetris Super Jackpot* a fun, natural fit for a casino slot gaming experience."

Scientific Games' *Tetris Super Jackpot* adds exciting visual features, a free games bonus, and the chance to win a mystery progressive jackpot to an iconic brand that has been a player favorite across the globe for more than 32 years.

Scientific Games Group Chief Executive, Gaming Derik Mooberry said, "The launch of our new *Tetris*-themed game is doubly exciting for Scientific Games because it infuses an incredibly popular and enduring video game brand with our newest and most sophisticated slot cabinet yet – the *TwinStar J43* with an attention-grabbing, ultra high-definition and unique curved portrait display."

Game-play excitement is centered around a *Tetris*-style free games bonus which highlights the brand's distinctive Tetrimino playing pieces. During the bonus, the player watches in anticipation as two Tetriminos fall on top of the reels before each free spin – awarding multipliers or the mystery jackpot depending on which symbol the Tetriminos land on.

Scientific Games' *Tetris Super Jackpot* slot machine was inspired by the popular electronic puzzle video game which debuted in 1984 and has been called by many media and fans as one of the 'greatest games of all time'. As one of the most recognizable and influential video game brands in the world, there are hundreds of millions of *Tetris*-branded products being played, worn, and enjoyed by fans in their everyday lives. *Tetris*-branded games are currently available for play on everything from smartphones, tablets and PCs to the latest consoles such as PlayStation 4 and Xbox One.

## **Forward-Looking Statements**

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as "may," "will," "estimate," "intend," "plan," "continue," "believe," "expect," "anticipate," "target," "should," "could," "potential," "opportunity," "goal," or similar terminology. These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things: competition; U.S. and international economic and industry conditions, including declines in or slow growth of gross gaming revenues or lottery retail sales, reductions in or constraints on capital spending by gaming or lottery operators and bankruptcies of, or credit risk relating to, customers; limited growth from new gaming jurisdictions, declines in the replacement cycle of existing gaming machines and slow addition of casinos in existing jurisdictions; ownership changes and consolidation in the gaming industry, including by casino operators; opposition to legalized gaming or the expansion thereof; inability to adapt to, and offer products that keep pace with, evolving technology; inability to develop successful gaming concepts and content; laws and government regulations, including those relating to gaming licenses and environmental laws; inability to identify and capitalize on trends and changes in the gaming, lottery and interactive industries; dependence upon key providers in our social gaming business; inability to retain or renew, or unfavorable revisions of, existing contracts, and the inability to enter into new contracts; level of our indebtedness, higher interest rates, availability or adequacy of cash flows and liquidity to satisfy indebtedness, other obligations or future cash needs; inability to reduce or refinance our indebtedness; restrictions and covenants in our debt agreements, including those that could result in acceleration of the maturity of our indebtedness; protection of our intellectual property, inability to license third party intellectual property, and the intellectual property rights of others; security and integrity of our software and systems and reliance on or failures in our information technology systems; natural events that disrupt our operations or those of our customers, suppliers or regulators; inability to benefit from, and risks associated with, strategic equity investments and relationships, including (i) the inability of our joint venture to realize the anticipated benefits under its private management agreement with the Illinois lottery or from the disentanglement services performed in connection with the termination thereof, (ii) the inability of our joint venture to meet the net income targets or other requirements under its agreement to provide marketing and sales services to the New Jersey Lottery or otherwise to realize the anticipated benefits under such agreement and (iii) failure to realize the anticipated benefits related to the award to our consortium of an instant lottery game concession in Greece; failure to achieve the intended benefits of the Bally acquisition or the WMS acquisition, other recent acquisitions, or future acquisitions, including due to the inability to successfully integrate such acquisitions or realize synergies in the anticipated amounts or within the contemplated time frames or cost expectations, or at all; disruption of our current plans and operations in connection with our recent acquisitions (including in connection with the integration of Bally and WMS), including departure of key personnel or inability to recruit additional qualified personnel or maintain relationships with customers, suppliers or other third parties; incurrence of employee termination or restructuring costs, and impairment or asset write-down charges; changes in estimates or judgments related to our impairment analysis of goodwill or other intangible assets; implementation of complex revenue recognition standards; fluctuations in our results due to seasonality and other factors; dependence on suppliers and manufacturers; risks relating to foreign operations, including fluctuations in foreign currency exchange rates (including those fluctuations related to the affirmative

vote in the U.K. to withdraw from the EU), restrictions on the payment of dividends from earnings, restrictions on the import of products and financial instability, including the potential impact to our business resulting from the affirmative vote in the U.K. to withdraw from the EU and the potential impact to our instant lottery game concession or VLT lease arrangements resulting from the recent economic and political conditions in Greece; dependence on our key employees; litigation and other liabilities relating to our business, including litigation and liabilities relating to our contracts and licenses, our products and systems, our employees (including labor disputes), intellectual property and our strategic relationships; influence of certain stockholders; and stock price volatility.

Additional information regarding risks, uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in our filings with the SEC, including the Company's current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on February 29, 2016 (including under the headings "Forward Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
