Dreamtouch Smart & Winstation30: The vending machines with the largest ticket capacity

February 4th, 2019

INTRALOT introduces **Dreamtouch Smart & Winstation30** the vending machines with the **largest tickets' capacity in the lottery industry**. They both confirm INTRALOT'S continuous commitment in delivering pioneering and innovative products that dictate industry's standards and trends with dedication to responsible gaming principles.

Dreamtouch Smart is the **only vending machine** to offer **25 instant scratch tickets** and **unlimited draw-based games** for purchasing, at the **height of 54"**. It aims to attract lottery players when on a regular shopping trip to retail stores and builds on impulse buy occasion. Due to its compact size, **Dreamtouch Smart** offers a **new level of functionality** and **convenience** especially when installed in **hypermarkets, supercentres** and **groceries stores**. It accommodates the trend of increasingly open floor plans within retail outlets and big stores. Its compact size and height at just 54" allow customers to have a greater visibility across the front end of supercenter stores and checkout areas.

Building on the legacy of Dreamtouch, the first vending machine with touchscreen introduced in market, it is equipped with a stunning **32" high definition display in landscape orientation**, offering a **unique gaming experience** and incorporating a full set of participation features for the players, allowing them to interact with it in a fast and fully autonomous way. **Dreamtouch Smart** is enriched with functional features for the retailers that makes their everyday life easier and maximizes sales potential.

Winstation30 is the **next generation of ITVMs**, the first vending machine in the lottery industry able to **dispense up to 30 instant scratch tickets**. It is designed specifically for the sales of scratch tickets through its large front panel with a simple "push of a button", draw-based games and terminal instants by interacting with the 10.1" embedded touch screen.

It is also a **powerful advertisement** and **promotion lottery module** offering rich multimedia content and call to action messaging to the player including winning and Jackpots announcements, draw results and responsible gaming messages,

which can be presented through its 19" top monitor. **Winstation30** allows players to engage through various means of participation, enriching player retail game experiences and increasing satisfaction and loyalty. It can be installed to convenient stores, retail groceries, shopping malls, airports and numerous other locations, enabling continuous sales increase with minimum interaction from the retailer side.

These powerful, simple and stylish vending machines redefine the Lottery's positioning in the retail vending world and are already expanding INTRALOT's Vending Terminals footprint worldwide following integration within several Lotteries product portfolio.

During **ICE 2019**, **INTRALOT** will showcase **Dreamtouch Smart & Winstation30** for the first time in Europe, to more than 33,000 visitors and 8,500 operators from over 150 countries in the award winning INTRALOT **ICONIC PAVILION, stand #N4-360**.
