

## **GLMS President acts as a Lecturer at the Brazilian Football Expo**

**Lausanne, September 9, 2019**, On September 6 GLMS President, Ludovico Calvi, acted as a speaker at the Brazilian Football Expo. This Expo organised by the Brazilian Football Association (CBF) is the biggest in Latin America, with the participation of numerous football clubs.

GLMS President has outlined the significant opportunities the legalisation of sports betting in Brazil will bring for the whole Brazilian society, but also flagged relevant risks. He underlined the need for a sustainable regulatory framework that allows for an attractive betting offer, but at the same times prevents social and public order risks, like gambling addiction, money laundering and sport competition manipulations

He referred to the **GLMS Code of Conduct** on Sports Betting which could act as a reference for a responsible and sustainable sports betting offer and also called upon Brazilian authorities to sign and ratify the **Council of Europe Convention on Sport Competition Manipulations**.

#### **About GLMS**

*GLMS is the state lotteries' mutualized monitoring system on sports betting. It aims at detecting and analyzing suspicious betting activities that could question the integrity of a sport competition. Building on six years of experience with the establishment in 2009 of ELMS with European Lotteries, GLMS went global in January 2015 extending the network to other continents. GLMS facilitates the sharing of sports betting information as part of the collective efforts of its members in ensuring sports integrity globally, and is dedicated to effective cooperation with all key stakeholders: regulators, law enforcement authorities, sports organizations.*
